

Using the Online Resources

Instructions for Students

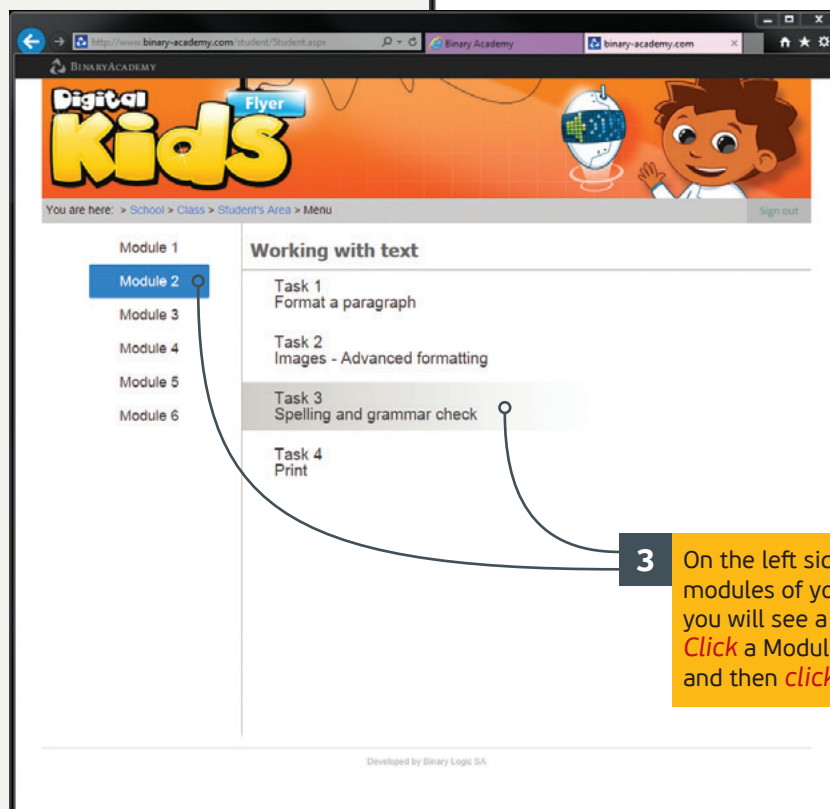

1 Enter your username and password and click **Sign in**.

The first page offers you two language choices. In this guide we will use the online material in English, so choose the Resources for Students, by clicking **Enter**.

2

3

On the left side you will see a list of all the modules of your book and on the right side you will see a list of the module's tasks. **Click** a Module (for example, Module 2) and then **click** a task (for example, Task 3).

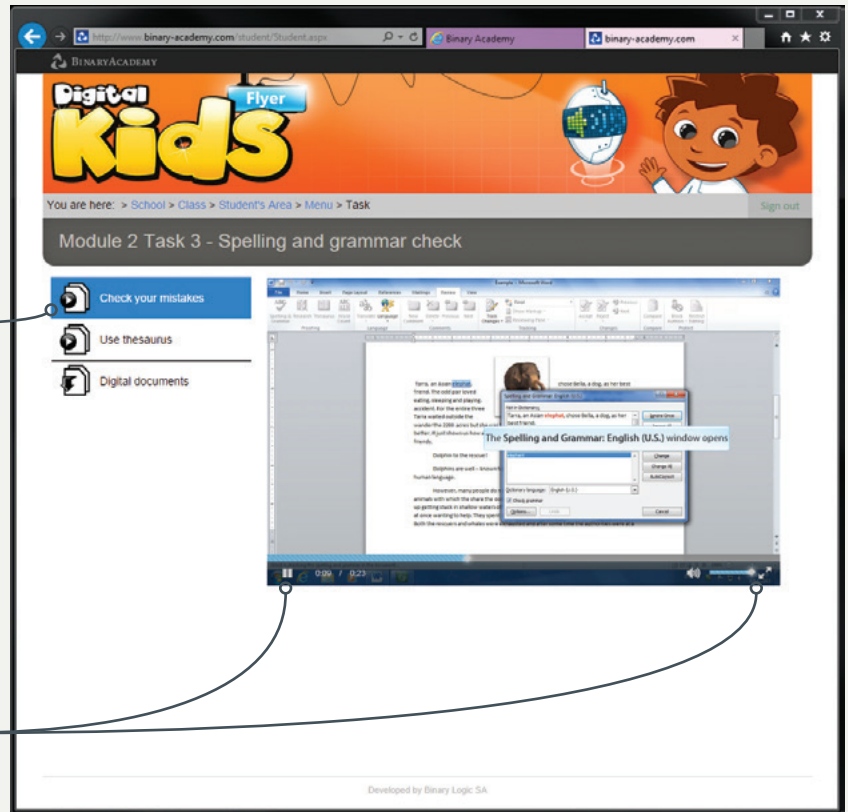

On the left side you will see a list of videos which are tutorials of the various software described in your book. **Click** one and watch it.

4

! Video tutorials are in HD quality but, depending on the speed of your Internet connection, you may not be able to see them in the best quality available. They are without sound to help you focus on the actions.

Click to play/pause the video. **Click** to switch in full-screen mode.

5

Depending on the task, you may need some digital documents (text, pictures, sound files, links, etc) to work with the activities of the book.

Click "Digital documents" to download a zip file that contains all of them.

Then open the zip file to copy these digital documents to your hard disk drive.
