

*Apply for
evaluation access*

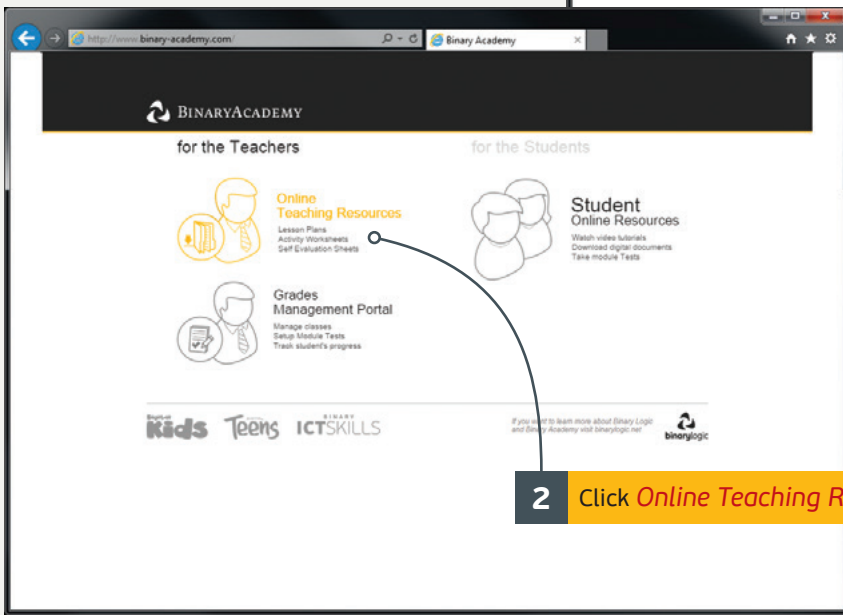

Instructions for Teachers

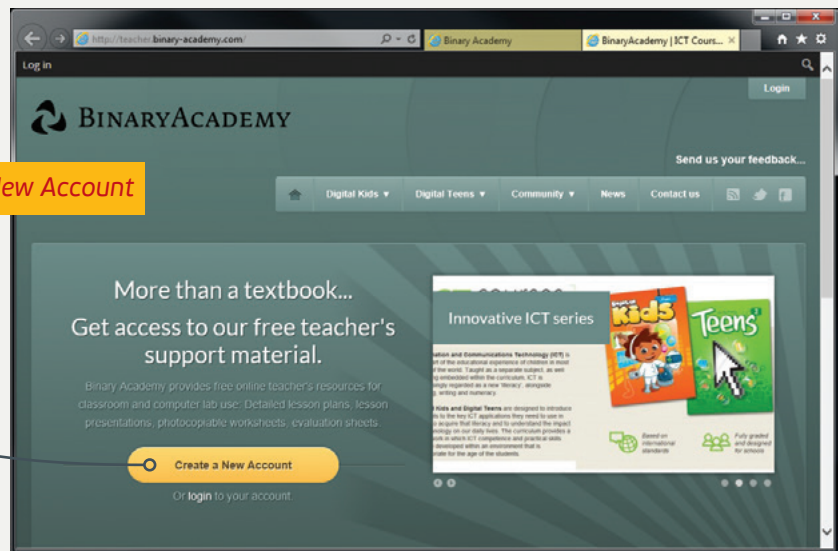

1 Go to our website
www.binary-academy.com

2 Click *Online Teaching Resources*

3 Click *Create a New Account*

You can have access to the teacher's resources if your school has adopted and uses our ICT solutions (Digital Kids or Digital Teens coursebooks). If you don't type your correct school code, your account will not be processed. / Usted puede tener acceso a los recursos del profesor si su escuela ha adoptado y utiliza nuestras soluciones de TICs (Digital Kids o Digital Teens). Si no se introduce el código correcto de la escuela, no se procesará su cuenta.

Fill in your details and wait for our approval to get FREE access to all online teacher's support resources and the Binary Academy Teacher Community!

4

Fill in your personal information. Be sure that you **type** a valid email Address, otherwise you will not receive the password needed for login.

!

Add us to your Safe Senders list

To make sure that you receive the email messages you want from Binary Logic and BinaryAcademy, you should add us to your **Address Book** or your **Safe Senders** list. If your email program/service allows you to add an entire domain to the list of safe senders, add **binarylogic.net** and **binary-academy.com** domains. Otherwise, you will need to add e-mail addresses individually to the list of safe senders. Start with **ict@binarylogic.net** and **support@binarylogic.net**.

If you still don't receive our messages, read here tinyurl.com/najrrue for some ways to fix the problem.

5

Fill in the additional information needed.

!

Enter your school name and **50000** as a school code.

6

Finally, **type** the random security code displayed on your screen.

7

Click **Submit Form**.

⌚

Now you have to contact our local agent for more information and after you are approved for evaluation access you will be able to check the teaching online resources for **10 days**.

!

If your school has adopted one of our ICT series, you can have full access to the **Online Teaching Resources**. Follow the instructions in the **Teacher Account Registration** guide.
